PRODUCT INFORMATION SUPER BRIGHT-10

Additive for enhancing detergent wash efficiency

SUPER BRIGHT –10 :

A special selective composition of inorganic & organic substance known as builder's which enhances the quality of washing procedure. It contains alkaline media along with catalyst which helps to loosen the stubborn dirt and stains like oil, grease and oxidised oil stains. SUPER BRIGHT-10 has no adverse effect on the fabrics due to over dose and it will not affect the fluidity of the fabric.

DOSAGE :

Dosage of SUPER BRIGHT –10 per 50Kg dry fabric load is 250 grams i.e. for light soil fabric's as bedsheets, towels. But for medium soil fabric 350 grms SUPER BRIGHT-10 is recommended, like pillow cover etc, and for heavily soiled fabrics 550 grams is recommended i.e. for Engineering Uniforms, Cook Coats, Restaurant Napkins, Kitchen Dusters, Restaurant Table Linens etc.

HOW TO USE:

Incorporate SUPER BRIGHT-10 with SUPER BRIGHT –HD ULTRA/ SUPER BRIGHT HD PREMIUM and SUPER BRIGHT WHITNER and run the machine for at least 30 minutes for light soiled fabric and 45 minutes for heavily soiled fabric at the temperature of 40°C To 65°C.

ADVANTAGE

- Prevents the fabric from damage and yellowing and graying effect.
- Properly activates the detergent for dirt removal.
- Easily soluble in hard/soft water.
- An eco-friendly additive for detergents.

STORAGE : Store in a dry place and close bag properly after the use.

PACKING: 25 Kg. H.P.E. Bag.
